WHY ABOARD A SAILING BOAT?

For a deeper immersion in the Great North, as close as possible to nature, without car, without neighbor, far from cities. Alone with Earth, Sea and Sky, the team cohesion comes naturally.

> For the opportunity to be introduced to a dynamic Sailing experience with safety & comfort, and enjoy the experience of a cruise just carried by the wind.

> > For the spirit of travel, teamwork and adventure.

WHY IN A TEAM?

To deepen relations between colleagues.

To take a step back and relax, rediscovering your personal skills and your deepest motivations.

To discover and appreciate interpersonal differences, revealing the talents that make up your team.

To better understand each other within the group, exploring constructive communication techniques and awakening collective intelligence.

To stimulate mutual aid, creativity and innovation. Improve communication in order to save time and energy.

To develop the potential in the team and the pleasure of working together.

WHY ABOARD LEATSA?

For the privacy of a small group of 6 to 8 passengers maximum, accompanied by the captain, the mate and the team coach.

For the quality of its cuisine, you won't stop talking about it.

For its saloon, a spacious area bathed in light, a cosy and friendly living space.

For its double cabins with real beds, duvets and pillows in natural fibers and en suite bathrooms including sink, shower and toilet.

For its bubble, real outdoor living room protected under a glass dome, which invites you to admire the sea, the land, the sky and its aurora borealis. Well protected under the bubble when the elements are raging around, it's exhilarating to be the privileged spectator of these games of sails, light, wind and waves.

For its exceptional quality of sailing, its reliability, its comfort and its specific preparation for cruises in the Great North.

For its French flag (RIF), a guarantee of quality and safety in the choice of its crew, equipment and procedures.
